

School Psychology

North Carolina Department of Public Instruction

Fall 2017

Communication Updates

Welcome to the 2017-2018 academic year! We have several communication updates to share. The [School Psychology page](#) is now located under [Student Support Services](#) on the DPI Website. This main page and associated tabs will be mainly static where you will find links to relevant information on the practice of school psychology.

NEW! School Psychology Wiki

The [School Psychology Wiki](#) maintains current information relevant to practice in the state of NC, including position openings, MTSS, and school mental health. This wiki also contains a link to the [School Psychology Lending Library](#) and the [Archived Professional Learning Library](#).

NEW! Check out the School Psychology Lending Library

There are quite a few new resources in the Lending Library ready for you to check out! Check out the [Lending Library](#) today to borrow resources and assessments!

NEW! Now on Social Media

NC DPI School Psychology is now on [Facebook](#) and [Twitter](#)! Stay updated—follow us!

MTSS Updates

MULTI-TIERED SYSTEM OF SUPPORT
NC Department of Public Instruction

Module 3 – SLD Evaluation and Identification

MTSS training Cohorts 1&2 will begin **Module 3** in early September. The course will run through December 2017 and is intended to guide participants through best practices for evaluating and identifying specific learning disabilities (SLD), as per the [2020 NC SLD Policy Addendum](#). While the primary focus is on students with SLD, course content has utility when evaluating and identifying students in other disability categories. Information and concepts from MTSS Modules 1 and 2 will be applied when making high stakes decisions regarding eligibility for special education services.

As Module 3 content is released this school year, additional targeted training opportunities for school psychologists and other specialized staff will be offered in order to prepare for full implementation of the SLD policy changes within an MTSS framework.

Information and resources to support effective installation of an MTSS are located in the [NC MTSS Guidance—Livebinder](#). School Psychologists are encouraged to access this info!
